

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Canceled)

2. (Canceled)

3. (Currently Amended) The wipe ~~as claimed in~~ of claim 15, wherein the impregnation solution consists of the ingredients at least one ingredient selected from the group consisting of oils, silicone oils, lipophilic substances, and less than 0.5% by weight of water, based on the total weight of the impregnation solution ~~and mixtures thereof~~.

4. (Canceled))

5. (Currently Amended) The wipe of claim 15, wherein the impregnation solution consists of more than 90% water by weight, based on the total weight of the impregnation solution.

6. (Currently Amended) The wipe of claim 15, wherein the impregnation solution is alcohol based.

7. (Currently Amended) The wipe of claim 15, wherein the impregnation solution comprises one or more cosmetic or dermatological auxiliaries, additives and/or active ingredients selected from the group consisting of moisturizers, waxes, surfactants, preservatives, antioxidants, dyes, plant extracts, UV filters, pigments, deodorant and antiperspirant active ingredients, dermatological active ingredients and perfumes.

8. (Currently Amended) The wipe ~~as claimed in~~ of claim 15, wherein the impregnation solution is an oil-free preparation.

9. (Currently Amended) The wipe of claim 15, wherein:

- (ba) the ~~tear strength of the~~ nonwoven material impregnated with the impregnation solution exhibits a tear strength in the a machine direction is of greater than ~~60~~ 4 N/50mm and in the a cross direction is of greater than ~~20~~ 10 N/50mm; and/or
- (eb) the ~~expandability of the~~ nonwoven material impregnated with the impregnation solution exhibits an expandability in the a machine direction is of from ~~20~~ 15% to ~~40~~ 100% and in the a cross direction is of from ~~50~~ 40% to ~~85~~ 120%.

10. (Currently Amended) The wipe ~~as claimed in~~ of claim 9, wherein the impregnation solution consists of the ingredients at least one ingredient selected from the group consisting of oils, silicone oils, lipophilic substances, and less than 0.5% by weight of water, based on the total weight of the impregnation solution ~~and mixtures thereof~~.

11. (Currently Amended) The wipe of claim 9, wherein the impregnation solution consists of more than 90% water by weight, based on the total weight of the impregnation solution.

12. (Currently Amended) The wipe ~~as claimed in~~ of claim 9, wherein the impregnation solution is an oil-free preparation.

13. (Currently Amended) The wipe ~~as claimed in~~ of claim 15, wherein the impregnation solution is a microemulsion.

14. (Currently Amended) The wipe ~~as claimed in~~ of claim 9, wherein the impregnation solution is a microemulsion.

15. (New) A cosmetic or dermatological wipe, where the wipe consists of a water-jet-consolidated and/or water-jet-impressed nonwoven material that has been moistened with at least one cosmetic or dermatological impregnation solution that has a viscosity less than 2000 mPa·s, the water-jet-consolidated and/or water-jet-impressed nonwoven material being 5% to 50% thicker than an identical nonwoven material which has not been impressed.

16. (New) The wipe of claim 15, wherein the water-jet-consolidated and/or water-jet-impressed nonwoven material is 10% to 25% thicker than an identical nonwoven material which has not been impressed.

17. (New) The wipe of claim 9, wherein:

- (a) the nonwoven material impregnated with the impregnation solution exhibits a tear strength in the machine direction of greater than 60 N/50mm and in the cross direction of greater than 20 N/50mm; and/or

- (b) the nonwoven material impregnated with the impregnation solution exhibits an expandability in the machine direction of from 20% to 40% and in the cross direction is of from 50% to 85%.

18. (New) The wipe of claim 15, which is a water-jet impressed wipe.

19. (New) A method of caring for skin comprising contacting the skin with a cosmetic or dermatological wipe according to claim 15.

20. (New) A method of caring for skin comprising contacting the skin with a cosmetic or dermatological wipe according to claim 9.
